## ABOUT US

ERP College is a career training and education institute which offers programs in the Healthcare, Business and Information Technology sectors.

**ERP** College

**EDUCATION FOR  
TOMORROW'S JOBS**

## PHARMACY ASSISTANT

This program is designed to teach students the technical and clerical aspects of the pharmaceutical departments including inventory maintenance, record keeping, the latest trend of pharmacy equipment, mathematical skills related to pharmacy, and prescription. This program reflects the current trends and practices in Canada.

**42 Weeks Diploma | Practicum Included**

## MASSAGE THERAPY

This program is designed to provide in-depth academic training and practical experience to be part of the emerging demand in the healthcare field as a Registered Massage Therapist. It trains students to become well-rounded massage therapists, who can practice in a wide range of medical and therapeutic settings. Graduates will be eligible to become RMTs.

**95 Weeks Diploma | Practicum Included**

## MEDICAL OFFICE AND ASSISTANT UNIT CLERK

This program is designed for students who are willing to pursue a career in the medical/healthcare field. To effectively manage the demands of the front desk in any medical facility, students will gain competence and confidence in medical office operations and terminology, clinical office procedures, billing, scheduling, business skills, and medical software.

**42 Weeks Diploma | Practicum Included**

## FINANCIAL ACCOUNTING AND PAYROLL SYSTEMS

This program is to train students in the practices of financial accounting and payroll in Canada. This program focuses on three key elements: the theoretical principles of accounting and payroll, the practical hands-on skills required to do the job, and the communication skills needed to work within an office environment.

**56 Weeks Diploma | Practicum Included**

## BUSINESS ANALYSIS FOR BUSINESS INTELLIGENCE

This program will use the Relational Database Management System and SAP BI toolset to give you the skills you need to develop, administer and analyze corporate data. You will learn industry-standard data management best practices & techniques.

**50 Weeks Diploma**

## DATA WAREHOUSING AND BIG DATA

This program will focus on job-oriented technical skills. Learning modelling techniques and how to populate these data models, using Extract, Transform and Load (ELT) Technologies. Learning software integration by using Java language and other technologies. Giving a quick introduction to Big Data, Map Reduce algorithm, and Hadoop Distributed File System.

**50 Weeks Diploma**

## OFFICE ADMINISTRATION

This program offers knowledge and skill development pertaining to the business office environment, with a focus on computer applications. Students are taught to develop and improve oral and written office language skills, word processing, document preparation techniques, contemporary office procedures, problem-solving techniques, and current software applications.

**58 Weeks Diploma | Practicum Included**

## DIGITAL & SOCIAL MEDIA MARKETING

This program teaches students how to plan, execute, monitor, control and create innovative digital and internet marketing techniques that convert visitors into loyal customers. Our curriculum covers web analytics, digital branding, Word Press, blogging, online advertising, social media, SEO, Google Ads (PPC) and more.

**52 Weeks Diploma | Practicum Included**

## HOSPITALITY & TOURISM MANAGEMENT

This program help students gain knowledge of the hospitality industry. Students will learn about hotel and restaurant business, front and back-office operations, guest service, software applications, management skills, marketing, financial analysis, and accounting.

**58 Weeks Diploma | Practicum Included**
